\*All Summer League games will be played at Agua Fria High School.

\*All Girls need their own ride and from the games

\*Must have liability form completed to be involved with open gyms/practices

\*All Practices are mandatory unless previously made arrangements with Coach Gardner and communicated with her that you would not be there. If you do not attend practice you will not attend the games with the exception of Summer School. Phone calls right before practice or during practice will not be an excused practice. This is the schedule, please plan appointments and other activities around the schedule. All missed games will also be subjective to sitting out the next game.

\*We will instill team rules through the summer. 0 Tolerance Rule. If you do not want to be a part of the team then you will not play for us. TEAM comes before I.

\*Practice Jerseys will be handed out for your uniform. You will need black or blue shorts for bottoms.

\*Fundraising or Donations will be needed as it will cost each player 20.00 to play in the league.

\*All girls skilled enough to play varsity next season will be asked to play in the league. The summer varsity team will be announced by 6/1. All other girls interested in playing are still expected to be at the open gyms/practices to improve or fill in when girls are missing. Playing time is not **guaranteed** and will go based off of skill, talent and attitude. **We will play games to win, but improving on fundamentals, skill, knowledge of the game, and being a better teammate are the top goals for this summer!**
